REALITY BINGO!

DESCRIPTION

The game has been redesigned to follow the currently popular “Reality” theme and players can lose or gain bingo cards throughout the game. Included in the universe of seventy-five (75) balls will be fifteen (15) colored balls. When a colored ball is drawn, the game players could either gain or lose a bingo card based on the reality challenge for that colored ball. Bingo humor and client information would be included throughout the game.
